Experience

Touro Infirmary - LCMC Health New Orleans, LA
Field Support Technician Associate Sept 2023 – Nov 2025

- Resolve diverse technical issues for hospital staff, software and hardware
- Conduct device replacements and equipment management to ensure peak performance
- Provide user assistance with Citrix workspace VDI and Epic healthcare software interface for patient registration.
- Utilize Active Directory to efficiently manage workstation groups, conduct user permission checks, and maintain user groups
- Handle Wyse devices through the Wyse Management service including registering, troubleshooting, and updating for optimal functionality
- Utilize Lansweeper to identify computers and devices within the domain by computer name, IP address, or by last known user
- Collaborate with other IT teams to streamline workflows for staff, ensuring smoother operations and improved efficiency
- Resolved over 1,600 IT service tickets using ServiceNow, consistently ranking among the top ticket closers on the team
- Maintained SLA compliance while ensuring user satisfaction and issue resolution efficiency

Infosys Limited **San Francisco, CA**
Senior Systems Engineer Nov 2025 – Current

- Provided technical support to end users in a corporate environment including hardware and software
- Configured and deployed company-issued iPhones and iPads using Apple Business Manager and Microsoft Intune (Company Portal) to ensure seamless Mobile Device Management (MDM) integration and policy compliance
- Imaged and provisioned company laptops using Microsoft Autopilot, collaborating with the MDM Administrator to upload device hash keys and ensure successful enrollment in Microsoft Intune
